

Dear Hiring Manager,

With over 26 years of experience in digital transformation and enterprise architecture, I am writing to express my strong interest in a senior leadership role within your organization as an Cloud / Security / Technology / Solution Architecture. As a "Triple-Cloud" expert holding professional-level certifications across AWS, Azure, and Google Cloud,

I offer a rare combination of cross-platform mastery and strategic vision. Throughout my career, I have successfully steered large-scale migrations and modernization projects for global Fortune 500 clients in the BFSI, Healthcare, and Manufacturing sectors. My recent roles highlights my ability to deliver complex technical solutions while maintaining high-level business alignment:

Strategic Cloud Leadership: At Web Synergy India (For client CIMB Bank with Infosys Ltd, Malaysia), I orchestrated the Hybrid Cloud strategy for CIMB Bank Berhad, managing 50+ branches across the Southeast Asia region.

Multi-Cloud Migration: While at KGISL Information Systems, I led the migration of legacy applications to AWS for FWD Insurance across 10 countries, transforming monolithic systems into scalable microservices.

Security & Research: I am currently advancing the field of cybersecurity through PhD research focused on Zero Trust Architecture (ZTA). This academic depth complements my practical experience as a Security SME and my Microsoft Cybersecurity Expert certification.

My technical toolkit is underpinned by a Master of Technology (M.Tech) and elite certifications including TOGAF 9, ITIL Expert, and specialized professional certifications in security and data engineering from all three major cloud providers.

I am confident that my background in legacy modernization, Zero Trust frameworks, and multi-cloud strategy would make me a valuable asset to your team. I look forward to the opportunity to discuss how my experience can contribute to your organization's digital evolution.

Your's Sincerely,
Milind Hanumant Karande
